

LIFESPING NEWS

WEEK BEGINNING 26TH NOVEMBER

Installation of CCTV

The funding we recently received has enabled us to install CCTV in the building. The cameras are situated in the following places and will monitor the internal and external areas:

- The Car Park;
- The Entrance Foyer;
- The Cafe;
- The rear of the building.

CCTV surveillance at the Centre is intended for the purposes of:

- protecting the building and assets 24/7;
- promoting the health and safety of staff, volunteers, users and contractors;
- preventing harassment and bullying;
- reducing the incidence of crime and anti-social behaviour (including theft and vandalism);
- supporting the Police in a bid to deter and detect crime;
- assisting in identifying, apprehending and prosecuting offenders; and
- ensuring that the Centre's policies are adhered to so that the Centre can be properly managed.

There are strict rules surrounding CCTV and it cannot be used to monitor Staff performance, except under certain special circumstance that might lead to disciplinary procedures. Only a small number of people have access to the images and we must have very good reason to release the images, for example to the Police who must make a request in writing.
